MELLOTT

A History of Precision

With over 65 years of contract crushing experience, Mellott is a proven leader in the aggregate, slag, and recycled construction material processing industries.

C O N T R A C T C R U S H I N G

MELLOTT

- Plant on Reserves**
- ▶ Access remaining reserves
 - ▶ Sustain market share and mine life
 - ▶ Reduce plant footprint

Mellott is the industry's leading source for ALL your contract crushing needs.

Greenfield Sites

- ▶ Reduce initial capital costs
- ▶ Site development
- ▶ Determine market opportunities
- ▶ Protect and grow existing market share
- ▶ Mine development

Supplemental Crushing

- ▶ Maximize high demand products
- ▶ Reduced capital requirements to meet current market needs
- ▶ Finished product processing support

Crushing Overburden

- ▶ Create saleable product
- ▶ Minimize overburden storage
- ▶ Create access to clean reserves
- ▶ Eliminate contamination of primary products

Recycling

- ▶ Recycled concrete
- ▶ Recycled asphalt

Reopen Abandoned Quarries

- ▶ Reopen quarry without major capital investment
- ▶ Establish and maintain your market share

**174 MILLION CONTRACTED
TONS CRUSHED**

Build Operate Transfer (BOT) Plants

- ▶ Mellott will build the plant to meet your market needs
- ▶ Allows you to establish the market and develop the quarry
- ▶ Mellott will operate the plant with factory and industry trained personnel
- ▶ Mellott will work with and train your personnel on site how to safely operate the plant
- ▶ Mellott will then transfer the plant to you at the end of the original contract.
