

RUBBER FEED CONE LINERS

NOISE REDUCTION

- Reduce the noise associated with feeding your crusher. Ensuring a safer work environment and aiding with compliance of sound ordinances.

PROTECT YOUR INVESTMENT

- Impact resistant rubber reduces vibration during feeding. Protect your feed hoppers and limit down time for repairs and replacement.

DURABILITY

- Rubber liners lasts 2 X longer than steel

SYMONS 7' STANDARD SOUND READINGS:

Before Liner 106.6 DB

After Liner 97.1 DB
